Offering financial & core business solutions

FUNDING / DEBT REDUCTION

We have strong connections with different lending institutions. We work with most major & minor banks, business lenders & invoice finance specialists.

MARKETING & DIGITAL STRATEGY

We review the business's current marketing strategy and if appropriate we work with our digital team to formulate a new strategy for the business.

MANAGEMENT REPORTING & KPI

Urgently developing management and KPI reports is a critical part of the tools that we use to help businesses turnaround.

BOOKKEEPING & ACCOUNTING

We take over our clients' bookkeeping and accounting to ensure integrity in the transactional processing of the business's financial systems.

Building a 13-week cashflow forecast is also a critical tool in the turnaround process and our team.

TAX COMPLIANCE & PAYMENT PLAN

Reviewing the current tax obligations is a common task required in turnaround engagements.

We immediately set ourselves to take control of tax debts and arrangements of payment plans if required.

TURNAROUND / GROWTH PLAN

On day one, we immediately set ourselves to work on developing a turnaround plan with business owners or the executive team.

We take care of the transformation to allow management to focus on their core business activities.
